

# Our God Goes With Us

Words and music: David Kai c.2005

Our God goes with us wher - e - ver we may roam,

Our God goes with us, makes each new place our home,

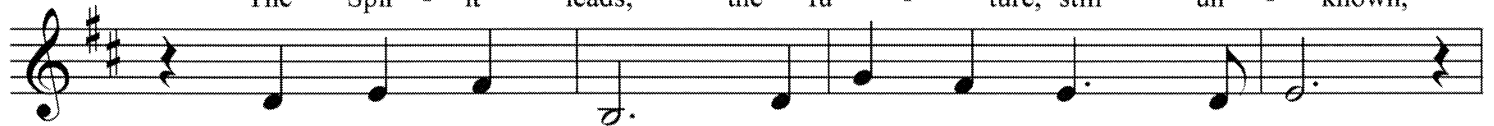

As God goes with us we live by faith, not fear,

Thanks be to God, e - ver 'fore us, e - ver near.

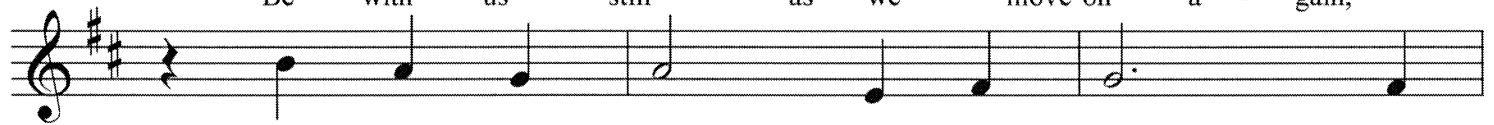

The Spir - it moved, blew boats a - cross the sea,  
The Spir - it wept as ha - tred's flames were fanned,  
The Spir - it urged, go forth and start a - new,  
The Spir - it leads; the fu - ture, still un - known,

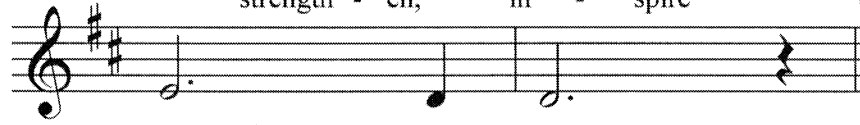

brood - ed in hearts that strug - gled to be free,  
as trains of tears streamed from the pro - mised land,  
re - build my church, a sanc - tu - ary true,  
is not to fear, we trust in God a - lone,

New life, new faith, new chal - len - ges to dare,  
In lone - ly moun - tain paths our God was found,  
Wel - comed by friends, their paths en - twined as one,  
Be with us still as we move on a - gain,

through blood, sweat, toil, bit - ter tears, our  
Faith, hope and love ma - king ghost towns  
strong - er u - ni - ted with e - - - v'ry  
strength - en, in - spire us, our Sa - - - viour

God was there.  
ho - - - ly ground.  
ri - - - sing sun.  
and - - - our Friend.
